Facebook page.

Come along, bring a friend, and help defeat the litter bugs!

Hydrant Flushing

Hydrant flushing will take place in the Town of New Perlican from **Monday, June 13th to Thursday, June 16th**, during the hours of **8am - 4pm**. There may be low water pressure and discolored water during this time.

Town Office Closure

The town office will be closed from Tuesday, June 7th to Friday, June 10th for training. It will re-open on Monday, June 13th @ 8am.

Assistant to the Superintendent of Works

Terry Bryant has been hired as Assistant to the Superintendent of Works. He started work on May 30th and will be working with Sammy Burrage, Superintendent of Works throughout the summer.

Street Signs

Every year, the Town of New Perlican asks people to put their civic numbers on their houses so emergency personnel can find their addresses when called. It is hard for them to find the place if the street sign is missing and this is an ongoing issue. The Town Council is aware that it is not necessarily residents that are removing the signs, but it is the taxpayers that are bearing the cost. If you see any damage or missing signs, please report it to the town office.

Tourism/Economic Development Committee

In a previous town crier, the Town Council asked for interested parties to contact the town office if they wished to become part of the Tourism/Economic Development Committee. There were 2 names received. This committee is being formed to explore avenues of increasing tourism and revenue to our town. If you are interested or would like to learn more, please contact the town office.

Heritage New Perlican Members

The Town Council is asking residents to consider joining the Heritage New Perlican Committee. They are looking for new members who can share new plans and new ideas. If you are interested, reach out to the town office or any member of the Heritage New Perlican Committee.

New Perlican Weekend

Please reserve August 6th, 2022, for New Perlican Day Celebrations. Details to follow.

Heritage Day

Please reserve August 7th, 2022, for Heritage Day Celebrations. Details to follow.

Chimney Sweeps

As this is being typed, the date is June 2nd, but the weather is rain, drizzle and fog and you need to have the heat on or the fire lit. If you need to clean your chimney, remember that brushes and rods are available at the town office for residents to use. The size ranges are from 6" - 8". Let's do our best to prevent chimney fires this year!

The Town Council would also like to take this opportunity to thank Jerome Courtney again for donating these items to the town.

Website

The town's website is not up and running. There have been delays due to getting the domain name that the town wanted for the website. This has now been concluded, so hopefully it is on the home stretch.
