Adoption of Agenda

Motion #2023-122

D. Martin/ P. Burrige

Resolved to adopt the agenda.
Favour: 7; Opposed: 0; **Carried**

Water Main Break

An email was received from Christian Morris, Department of Transportation and Infrastructure. Stamped drawings are required showing details of the pipe and how it is being connected to the bridge. There are plans to rehab the Long Bridge in a few years and the town will be responsible for any temporary removals of the pipe if needed. Council reviewed a list of engineers. Council asked that engineers be contacted to visit the town and give a quote. Discussion also took place on how to insulate the fire hose if the work is not completed by the winter.

Special Assistance Fund

Council reviewed details of the Special Assistance Fund from the Department of Municipal and Provincial Affairs. Gas tax funding was also discussed as a possibility if needed for the repairs to the water line.

Motion #2023-094

D. Martin/F. St. George

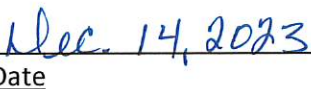

Resolved to adjourn the meeting @ 7:30pm.
Favour: 7; Opposed: 0; **Carried**
